MEMORANDUM FOR: Colonel White

~~SECRET~~  
**CONFIDENTIAL**

1. Attached is a "last minute" change to the Career Service Board agenda material forwarded by [REDACTED]

25X1A

2. The change consists of a revised draft of proposed [REDACTED] "The CIA Career Council and the Career Services," which revises two things in the previous draft:

25X1A

a. The list of Career Services is taken out of the main body of the Regulation and put at the end of the Regulation. This arrangement will facilitate future revisions based on organizational changes.

b. The provisions concerning composition of the Career Boards (page 5) are changed so that it will be optional to the Chairmen of the various Boards as to how they use their senior personnel or administrative officers for Board work. Under the previous draft of [REDACTED] they would have been designated Secretariats. The revision merely provides that they must be included on the Board membership; whether they serve in a voting or nonvoting capacity will be up to the Chairman of each individual Board.

25X1A

3. There is also attached, as Tab B, a change to the Assistant Director for Personnel's charter [REDACTED] which is brought about by the abolition of the CIA Career Service Board.
